11 people and the final jury of 14 people. Also unique to this show was the fact that for the first time in the world, the credit for the 'song of the year' was given not just to the composer and lyricist but to the singer as well — it was nice to see all three talents go up on stage to receive the award. The event was conceptualised, scripted, directed and co-ordinated by Morani's and Soorma of Cineyug entertainment. A night of talent and entertainment galore, this was indeed the mother of all music awards!
